

BJ50

Protective Mailer

720 Packages/Hour

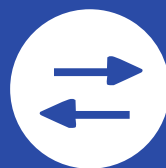

Fast

Accurate

Compact

Reliable

Efficient

Features

High Efficiency : Packing speed is 720pcs/H with little labor involvement.

Stable and Reliable: Intelligent motion control system, make the product transfer smoothly during the packing. High precision sensors can identify ultra-thin products, or coated surface.

Intelligent inspection: Automatically identify the wrong order, returned order, and reject them to different locations.

Close loop inspection: Patented queue tracing algorithm to match product information and order information to eliminate wrong order.

Adaptive system: Realtime measurement of the product and pack according to real size, to utilize material and pack in fit.

Specification

| | |
|------------------------|---|
| Size | 2.75mx1.0mx1.86m (standard), 3.85mx1.0mx2.05m(extended) |
| Power | Main Machine 2.2kw, Air pump 3.0kw |
| Voltage | AC220V,50HZ |
| Material | Bubble wrap, pearlized bubble wrap, paper coating bubble wrap |
| Speed | 720 pcs/H |
| Packing products size | A4 size and below ,thickness<6cm |
| Printing resolution | 203dpi/300dpi |
| Label specification | Width<100mm, length < 180mm |
| Material Specification | Width 40cm, length 150m/roll (built in) length 238m/roll(extended), |
